

# LLOYD'S REGISTER

## Company Profile

Trusted maritime advisors, partnering with clients to drive performance across the ocean economy. Lloyd's Register is a global professional services company specialising in engineering and technology for the maritime industry. We are the world's first marine classification society, created more than 260 years ago to improve the safety of ships. Our technical expertise is offered in more than 70 locations, serving clients based in 182 countries. Marine and Offshore Our Marine and Offshore business is a leading provider of classification and compliance services to the marine and offshore industries, helping our clients design, construct and operate their assets to the highest levels of safety and environmental compliance. In the race to zero emissions, our solutions, technical expertise and industry-firsts will support a safe, sustainable maritime energy transition.

We combine modern digital tools with deep technical expertise to optimise safety, operational efficiency and sustainability, helping our clients get the most from their assets. Lloyd's Register Foundation Lloyd's Register is wholly owned by the Lloyd's Register Foundation, a politically and financially independent global charity that aims to engineer a safer world through promoting safety and education.

The Foundation focuses on the most pressing global safety challenges, establishing the best evidence and insight to understand the complex factors that affect safety, and by building partnerships for change. For a thriving ocean economy, Lloyd's Register and Lloyd's Register Foundation work together to fund research, foster industry collaboration and develop action-oriented solutions. All of this helps us stand by the purpose that drives us every single day; working together for a safer world.
